Letter from M. Jacques CHIRAC, President of the Republic, to Mr Manmohan SINGH, Prime Minister of India, following the terrorist attacks

Paris, 11 July 2006

Prime Minister,

I was shocked and outraged to learn of the terrible death toll of the terrorist attacks which hit several Indian trains and railway stations. France utterly condemns these acts which nothing can justify.

In this ordeal, I want to express to you, and the Indian people, France's solidarity and my condolences. I also ask you to be kind enough to convey these, together with my profound sadness, to the bereaved.

(complimentary close, with handwritten addition).
